

Federal Research Grant Funding Analysis at Rutgers University

Generated: 2026-05-30T23:04:31Z

Scope

This local RAIL project summarizes public federal award records matching Rutgers over FY2021-FY2025. It uses USAspending.gov for cross-agency federal assistance coverage and the NSF Awards API for additional research-award detail.

Key Findings

- The processed public-data panel contains 107 Rutgers-matching award records returned for the FY2021-FY2025 query window totaling \$1.45B.
- The largest observed agency total is Department of Health and Human Services with \$993.8M across 72 records.
- Public federal award feeds do not provide a reliable Rutgers academic department crosswalk, so department-level performance profiles should be treated as a next-step internal-data join rather than inferred from titles alone.

Annual Snapshot

Fiscal year	Award records	Observed amount
2021	6	\$67.4M
2022	4	\$21.3M
2023	6	\$59.7M
2024	3	\$46.6M
2025	17	\$12.4M
pre-2021 active/continuing	71	\$1.24B

Top Observed Awards

Source	Award ID	Agency	Amount	Program or title
USAspending.gov	W24MH068457	Department of Health and Human Services	\$179.7M	COOPERATIVE AGREE-MENT (B)
USAspending.gov	R425F200193	Department of Education	\$157.6M	FORMULA GRANT (A)

Source	Award ID	Agency	Amount	Program or title
USAspending.gov	R425E200365	Department of Education	\$128.3M	FORMULA GRANT (A)
USAspending.gov	R30CA072720	Department of Health and Human Services	\$68.2M	PROJECT GRANT (B)
USAspending.gov	H54AR055073	Department of Health and Human Services	\$64.0M	COOPERATIVE AGREE-MENT (B)
USAspending.gov	H45ES006179	Department of Health and Human Services	\$35.9M	COOPERATIVE AGREE-MENT (B)
USAspending.gov	R30ES005022	Department of Health and Human Services	\$32.0M	PROJECT GRANT (B)
USAspending.gov	H11TR003017	Department of Health and Human Services	\$28.8M	COOPERATIVE AGREE-MENT (B)
USAspending.gov	R01HL114471	Department of Health and Human Services	\$23.9M	PROJECT GRANT (B)
USAspending.gov	H19AI111276	Department of Health and Human Services	\$23.2M	COOPERATIVE AGREE-MENT (B)

Interpretation Notes

- USAspending award amounts are obligation-style federal award records and may include non-research assistance; filtering to Rutgers and assistance award types gives a broad federal-funding view, not an audited sponsored-research ledger.
- NSF records are useful for research-award detail but overlap with USAspending, so totals should not be added across sources without deduplication.
- A production departmental dashboard should join these public award IDs to Rutgers internal sponsored-program accounts, principal-investigator appointments, and faculty headcount.
